

Shkodër in January 8<sup>th</sup> 2024

### ***Letter of recommendation***

**To Whom It May Concern,**

It is with distinct pleasure that I write this recommendation letter in support of the application submitted by Ms. Ergeza Hoti.

As the executive director of "Young Entrepreneurs Albania", I got to know Ms. Hoti through "YEA! Afterschool", a program which "Young Entrepreneurs Albania" has been developing for a couple of years and focuses on the development of job opportunities for excellent seniors in Shkodër, aiming to impact positively on the social and economic situation in the city of Shkodra.

Ms. Hoti has been taking part in this social project (in the position of 'Future Teacher') organized by YEA! in our business incubator, involving the teaching of students from 8<sup>th</sup> to 9<sup>th</sup> grade to help them maintain great scores, explain concepts that were not understood formerly and reinforce the new knowledge they gain on a daily basis. She gives lessons about mathematics to younger students in an ideal way and has shown first-rate academic ability. She has a strong academic background in all different kinds of areas. Ergeza is also hard-working, influential, tactful and truly witty; attributes that make her more than deserving of the position she is in. She is reliable, passionate and always committed to give her best. She took part in this program on October 2023 and will stay here till the end of this academic year (May 2024).

With the attributes she possesses, I am confident that any university would be happy to have her. An outstanding student with so much to offer. Our organization benefitted from her as part of our team. I am confident your faculty will benefit also should you accept her as a student. I am open and ready to answer any other questions you may have in relation to Ms. Ergeza.

Best Regards  
  
Mag. Gernot Scherfnecht
